

An effective communicator will be able to use a variety of communication skills to work effectively with peers, teachers, administrators, and others, i.e.

- Written
- Active listening
- Verbal and non-verbal
- Technology base

Students will cultivate traditional American values, character and responsibility through:

- Respecting themselves and others
- Showing responsibility for their own actions
- Being confident in their abilities
- Actively maintaining a safe and productive learning environment
- Promoting patriotism and understanding legacy

Students apply critical thinking skills and strategies to solve an issue or problem by:

- Demonstrate the ability to use libraries, databases and technology to gather information
- Organize and classify information to justify conclusions appropriate to the audience and setting
- Integrating knowledge when accomplishing tasks individually or cooperatively
- Reflecting on and evaluating their learning for the purpose of self-improvement
